- For day camp programs start a ‘Day Camp’ application.

Step 2 – Add children and select program, extended care, and transportation options

- Create a profile for each camper you wish to register. All camp programs available for your camper’s age group will appear.

- Review your application then click submit.
- You will receive an email confirmation shortly after submitting your application.

After submitting your registration –

- If you have a parent rate your account will be adjusted by the camp office.
